

RPM181 -- Beta 181 Replacement Capsule and Preamp

General Description

Models RPM181/C, RPM181/S, RPM181/O, RPM181/BI, RPM181/PRE

The Shure Beta 181 microphone capsules are compatible with the Beta 181 preamplifier handle to make an ultra-compact condenser microphone. These parts are not interchangeable with any other product.

Note: Before each use, make sure the capsule is tightly secured, as vibrations or accidental drumstick hits may loosen it, resulting in signal loss.
