The Model V-15 III-DL is a Shure Model V-15 Type III Improved Super-Track "Plus" Stereo Dynetic Cartridge mounted in a Dual TK14 head designed specifically to fit the Dual Model "1200" series automatic turntables.

Performance specifications for the V-15 III-DL are contained in the booklet data sheet describing the Shure V-15 Type III (enclosed with the V-15 III-DL packaging).

**INSTALLATION**

1. Remove present pickup head and insert Shure V-15 III-DL into phono arm. Care must be taken in removing and inserting the pickup head, so as not to cause damage to the stylus.
2. Balance arm as per Dual instructions and set stylus force to recommended tracking force. (See Shure V-15 Type III Data Sheet for complete tracking force data). Forces greater than 1¼ grams should not be used.

**STYLUS REPLACEMENT**

See enclosed Shure V-15 Type III Data Sheet. The stylus replacement is Model VN35E.

**PATENT NOTICE:** Cartridge and stylus manufactured under one or more of the following U.S. Patents 3,055,988, 3,077,521, 3,077,522 and 3,463,889. Other patents pending.
