

## WA305 Premium Guitar Cable

The WA305 Premium Guitar Cable provides a durable, secure connection between instruments and bodypack transmitters. The lock ring on the TA4F connector secures the cable to transmitters equipped with threaded connector collars.

- Gold plated 1/4" plug
  - Lock ring TA4F connector
  - 3 ft. (91 cm.) length
1. Connect the 1/4" plug to instrument.
  2. Connect the TA4F connector to transmitter.
  3. Tighten the TA4F lock ring to secure.
